Improving Performance

Do I need a permit for that?

We are exempt!

Environmental Compliance

Potentially Applicable Regulations

Waste Management

The KY Division of Waste Management (DWM) permit requirements are determined by the type and quantity of waste and the activity conducted, whether generated, stored, transported and/or recycled.

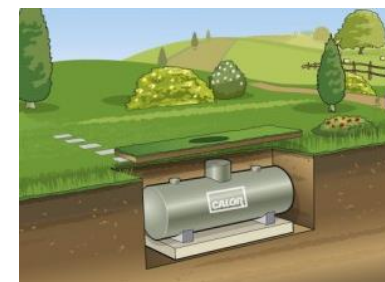

*Hazardous
Waste*

*Universal
Waste*

Tires

*Underground
Storage Tank*

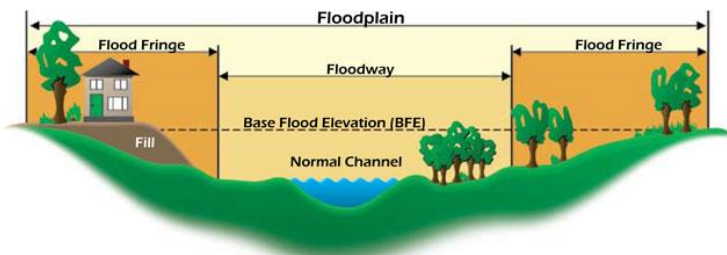

Water Quality

The KY Division of Water (DOW) permit is required whenever activities involve a discharge into the waters of the Commonwealth, a withdrawal of water, occur within a floodplain or threaten a water resource. DOW permits may be required for construction activities or activities associated with wastewater treatment plants or public water systems.
